

Desk Chair Mat

Base price: \$85.00
6 or More: \$80.75

Floor Mats

Experience the fusion of an elegant accent rug and the practicality of a chair mat with Floormat.com's Desk Chair Mats. These mats are crafted for hard floors, not only safeguarding your flooring but also enhancing the aesthetic of your workspace. Say goodbye to the mundane, plastic mats and welcome our exquisite designs that promise durability without the risk of cracking and splitting like traditional vinyl mats.

- Smooth Movement – Enjoy effortless movement with your chair across the mat's sleek yet sturdy surface.
- Reliable Floor Protection – Equipped with a strong rubber backing, these mats safeguard your floors and prevent slipping.
- Effortless Maintenance – Cleaning is a breeze thanks to the stain-resistant surface, which can be vacuumed or wiped with a gentle detergent.

Our high-definition printing technique brings each mat to life, mirroring the look of various textiles. The Astella design replicates a cross-hatch weave, the Stonewash resembles aged denim, and the Stratford showcases a timeless linen appearance. Each pattern is available in three versatile colors: blue, grey, and khaki. While these mats are optimized for hard floors, they can be used on low-pile carpets, although they are not intended for softer surfaces.
