

Grip Rock Floor Mat

Extremely slip-resistant floor mats for wet, oily and greasy floors, ramps, stairs, walk-in freezers and other slippery surfaces

- Made with crushed garnet and ceramic beads for secure footing
- Backing restricts creeping
- Low profile eliminates tripping hazard and allows it to be placed under thresholds
- Resists fungal & bacterial growth
- The Grip Rock mats are 3/8" thick
- They are 3' wide and can be purchased per lineal ft as well (3' x 3' for example)

Grip Rock slip-resistant safety mats are:

- Slip-resistant in water, grease, and oil
- Extremely tough and durable
- Flexible even in freezing temperatures
- Lightweight and thin (1/8 inch thick, a 3' x 10' is only 25 pounds)
- No installation needed
- Easy to handle, clean, and maintain
- The regular version has a tacky polyurethane backing that is especially conducive to temporary floor adhesion and slip resistance. It is meant to be removed and cleaned and moved around as necessary.

Grip Rock slip-resistant floor mat has a unique surface, incorporating round textured ceramic beads and crushed garnet to minimize slipping while facilitating easy cleaning. Grip Rock safety mats are designed to be slip-resistant in wet, hazardous areas including walk-in freezers, wet and slippery ramps, and stairs indoors or outdoors.

Grip Rock safety mat is constructed of rugged components:

- Tacky and durable polyurethane backing to prevent hydroplaning – mat stays put
- A middle layer of fiberglass that prohibits tearing and increases strength
- A durable top layer of ceramic beads and crushed garnet in a polyurethane matrix
- **Super G** has the same basic properties of Grip Rock but has a special abrasive top surface designed specifically for use in kitchen fry areas, work stations, garages and production areas in factories that are often greasy, oily and dangerous. Super safety mat is constructed of rugged components:
 - Tacky and durable polyurethane backing to prevent hydroplaning – mat stays put
 - A middle layer of fiberglass that prohibits tearing and increases strength
 - A durable top layer of crushed garnet in a polyurethane matrix

Grip Rock Floor Mat
