

# HOTFlake Stair Tread

[code\_snippet id=28]

Melt snow & ice outside your facility for safer footing. ([GFCI Power Cord](#) not included.)

- Salt and sand no longer necessary
- No more shoveling or back pain!
- Floor mats are completely waterproof and offer great anti-slip traction, even in the worst conditions!
- Safe to use on PVC decking
- The floormat will maintain an average AMBIENT temperature of 44 to 50 degrees Fahrenheit (7 to 10 degrees Celsius). Don't be concerned about your pets burning their feet – you may see them lying on the mats for warmth.
- Connect up to ten: 120V treads, fifteen: 230V treads and fifteen: 240V treads together using one GFCI
- 100% virgin SBR rubber
- These mats can connect up to 10 (120V) or 20 (240V) [rubber stair treads](#), up to 5 (120V) or 10 (240V) [rubber doormats and landing mats](#) AND up to 4 (120V) or 8 (240V) [rubber walkway and driveway mats](#). In any combination, connections should not exceed 15 amps per GFCI.

## Standard Sizes (Approximate)
