

# HOTflake Walkway / Driveway Mat

[code\_snippet id=28]

Canadian designed, HOTflake™'s anti-slip, inter-connectible heating mats are manufactured in 100 percent virgin, moulded SBR rubber. The patented, waterproof heated wiring embedded within the mats melt snow and ice ON CONTACT, thereby protecting you from slips and fall accidents. ([GFCI Power Cord](#) not included.)

- Salt and sand no longer necessary
- No more shoveling or back pain!
- Floor mats are completely waterproof and offer great anti-slip traction, even in the worst conditions!
- Safe to use on PVC decking
- The floormat will maintain an average AMBIENT temperature of 44 to 50 degrees Fahrenheit (7 to 10 degrees Celsius). Don't be concerned about your pets burning their feet – you may see them lying on the mats for warmth.
- These mats are Eco friendly, inter-connectable, and versatile.
- 100% Virgin Rubber
- [GFCI Power Cord](#) not included.
- These mats can connect up to 10 (120V) or 20 (240V) [rubber stair treads](#), up to 5 (120V) or 10 (240V) [rubber doormats and landing mats](#) AND up to 4 (120V) or 8 (240V) [rubber walkway and driveway mats](#). In any combination, connections should not exceed 15 amps per GFCI.
