

Safeway Snow Melting Mat

Safeway Heated Floor Mat is the latest in heated mat technology. Unlike other heated mats, the Safeway Heated Floor Mat can be used outdoors as well as indoors. Its unique reversible design allows you to flip the mat to whichever side your outlet is located. This 3' X 5' mat will reach temperatures of 100 degrees (outdoor temperatures of 70 degrees). All of the heating and electrical components are UL Listed.

- Raised square design has a tread height of 1/8", allowing water to channel out of the mat, keeping the walking surface dry.
- The mat weighs only 31.25 lbs.
- Voltage: 120v.
- Wattage: 385 watts.
- Engineered for up to four mats to be connected together.
- Mats can be ordered with one connector or two connectors.
- Great for mud rooms
